

## **Labour Standards Assurance Policy**

Interweave Textiles are distributors of a wide range of medical textiles throughout the UK and Europe.

As a company, the senior management is fully informed of the need for a Labour Standards Policy and the obligation to our employees, customer, and the communities within the sector we operate.

This document outlines our policy in relation to labour standards and has been approved by our LSAS/Customer Services Manager

## **Scope of the Policy**

Interweave Textiles policy ensures that it meets its obligations and commitments and implements this policy in line with UK law as a small / medium enterprise.

## **Policy Review and Improvements**

We will review this policy periodically in line with LSAS policy and legislation changes. We will annually review the policy routinely at the company review meeting as part of our annual management review to enable continual improvement of our systems.

## **Minimum Labour Standard**

Interweave Textiles has identified the following reasons to establish a comprehensive system of Minimum Labour Standards to guide its business operations.

1. **Ethical Responsibilities** – we accept our obligation to its employees, customers and suppliers within the sector we work to operate in an ethical manner.
2. **Risk of Supply** – we have identified that labour standards abuses in supply chain can pose a risk of supply. Any supply chain partners who commit abuses face legal enforcement action which could damage business and prevent them in their ability to supply.
3. **Damage to the company's reputation due to adverse publicity** - discovery of labour standards abuse presents a reputation and structural risk. (1) Turnover- customers choose to purchase supplies and services from other sources. (2) Staff retention and recruitment may be affected as people choose not to work for a company associated with any labour standards abuses, this could also lead to low morale in the workplace and difficulty in recruitment. (3) Loss of trust with customers and suppliers within the wider society.
4. **Quality of Goods and services** – we recognise that there is typically a link between labour standards and poor quality of goods and services.

To help it identify a set of minimum labour standards, Interweave Textiles have particularly referred to the following resources:

**ETI Base Code**  
**NHS Supplier Code of Conduct**  
**Social Accountability International SA8000**  
**UN's Universal Declaration of Human Rights**

**Minimum Labour Standards in UK: -**

2. **Forced or Compulsory Labour** - Interweave Textiles shall not engage in or support the use of forced or compulsory labour, or bonded or involuntary prison labour. Employees are free to leave upon reasonable notice as outlined in their contract of employment.
3. **Health & Safety** – Interweave Textiles Ltd shall provide a safe and healthy workplace environment and shall take effective steps to prevent potential accidents and injury to employee's health by minimising the risk to its employees.
